The Long Winter

Intrigue at Valley Forge

By Frank Stopa

"Stopa takes readers to the heart of the American Revolution."

-Joint Forces Journal, September 2011

General Washington's Continental Army was beaten and demoralized as they encamped at Valley Forge. Nobody knew this better than Brigadier Henry Nichols, a man with the cunning and ambition to end the American dream of independence. While Nichols, in league with a mercenary criminal, embarks on a secret mission to end the Revolution once and for all, Washington and his confidential correspondents begin a desperate race to uncover the conspiracy before it's too late!

Frank Stopa is a former CIA officer who has trained students in the military, intelligence, law enforcement, and business in cutting edge human intelligence and counter terrorism techniques for over a decade. Other novels include *The Brotherhood*. He has also written a business book, *The Human Skills: Elicitation & Interviewing*.
